Product description

Adeptus Custodes Custodian Wardens

This multi-part plastic kit contains the components necessary to assemble a squad of 5 Custodian Wardens. Easily recognised by the ceremonial robes they wear over their auramite armour, they're typically splendid to behold – as with all Adeptus Custodes, every surface of their armour is absolutely covered in beautiful sculpted details, with gemstones, eagles, lightning bolts and filigree wherever you look. Each is armed with a choice of either guardian spear or castellan axe, with 5 of each supplied in the kit. The helmets, helmet plumes and thigh plates in the kit are interchangeable, allowing your Wardens to be unique.

The kit can optionally build a Shield-Captain, who has a choice of 2 bare heads, a unique chest plate, unique shoulder pads and his own set of ceremonial robes – he is armed with the choice of castellan axe and guardian spear, and holds a misericordia. As well as this, 1 model can be assembled as a Vexilus Praetor – along with the standard weapon choices he carries a splendid ornate Vexilla.

This kit comes as 78 components, and is supplied with 5 Citadel 40mm Round bases.
