## Product description

# Chaos Space Marines Master of Executions

The Master of Executions is multipart plastic kit. He is a striking HQ choice in a Chaos Space Marines army whose sole purpose is to eliminate enemy characters with his fearsome (and utterly enormous) axe of dismemberment. The model displays all the grisly hallmarks of an executioner, with a trophy rack, bone decoration all over his armour, and he also clutches a pair of recently decapitated heads in his right hand.

This kit builds one Master of Executions. It is supplied in 9 plastic components, including a choice of bare or hooded head, and comes with one 40mm Citadel Round Base.
