## Product description

# Chaos Space Marines Rhino

Chaos Rhinos are invaluable transport vehicles that allow you to deliver your units to the heart of battle. Whether you're disgorging a frothing horde of Berzerkers, or moving your Havocs to where they'll deal most damage, they'll add some much-needed mobility to your army.

This set contains everything you need to build one Chaos Rhino. You'll have the option of equipping yours with a variety of weapons - including a combi-weapon or combi-bolter. This kit also comes with an upgrade sprue bedecked with spikes, railings and Chaos symbols, with plenty of spares for customising the rest of your Chaos models.
