### Product description

## Chaos Space Marines Vex Machinator, Arch-Lord Discordant

Vex Machinator, Arch-Lord Discordant is a multipart plastic kit and serves as an HQ choice in a Chaos Space Marines army. The Helstalker mount can be equipped with a variety of destructive weaponry, and together they are the bane of enemy vehicles.

The Lord Discordant bears an enormous impaler glaive and his mechatendrils can lash out at his foes. His scuttling Daemon Engine steed can be equipped with a baleflamer or autocannon, as well as a choice of magma cutter or techno-virus injector.

The miniature is comprised of 63 plastic components, and comes supplied with a Citadel 120mmx92mm Oval Base.
