## Product description

# Feculent Gnarlmau

This multi-part plastic kit contains the components necessary to assemble a Spoilpox Scrivener, Herald of Nurgle. Immediately, 2 things stand out about this model – the scroll being held aloft, covered in detailed scribbles and symbols of Nurgle, and the enormous distended maw which snakes from the Scrivener’s face all the way around his back, ending in a massive, disgusting mouth, hectoring all around him. He has a rather wiry frame, but rather than emaciated looks strong, with long limbs ending in claws. He carries extra rolled-up scrolls – these are actually held within his flesh, pushed through cuts in his stomach and secured with knotted guts. A rather cheeky Nurgling is included, chomping happily at the bottom of the Spoilpox Scrivener’s scroll.

This model comes as 7 components, and is supplied with a Citadel 40mm Round base. The Spoilpox Scrivener can be added to both Warhammer 40,000 and Warhammer Age of Sigmar armies.
