Product description

Hedonites of Slaanesh Dice Set

The Chaos Gods reward those who worship them – and these dice are both worship and reward, with an icon of Slaanesh in place of those 6s that you crave in excess!

This set includes 20 six-sided dice. They measure 16mm along each edge and have rounded corners. They're purple with a metallic swirl, giving them a two-tone effect, and the pips are in gold ink – as is the Slaanesh icon that adorns the '6' faces.
