Product description

Necromunda: Van Saar Archeoteks & Grav-cutters

Expand your Van Saar gang with these six fighters. The Archeoteks are Van Saar Champions that have access to the best technology that the clan can provide – one of these models comes equipped with a deadly rad beamer while the other has an esoteric spider-rig. The Neoteks each fly into action aboard a grav-cutter. They each carry a laspistol and an energy shield, and the kit comes with four different heads.

This 138-part kit makes two Archeoteks and four Neoteks. It comes supplied with four 32mm Necromunda Bases, two 25mm Necromunda Bases, and six 45mm Groove Stems.

Rules for using these fighters in games of Necromunda can be found in the House of Artifice book.
