Product description

Adeptus Titanicus: Warmaster Titan with Plasma Destroyers

This 291-piece plastic kit builds one Warmaster Heavy Battle Titan. It includes two arm-mounted Suzerain-class plasma destroyers, one carapace-mounted revelator missile launcher, and a choice of apocalypse missile array, plasma blastgun, turbo laser destructor, inferno gun, melta cannon, and Vulcan mega-bolter for the two shoulder hardpoints.

The kit includes three different sets of shoulder plates, two top plates, two heads and three faceplates. Additional point defence weapons on the Titan's carapace and legs come with a variety of options for you to choose from. The model includes a 120mm x 92mm oval base.

Also in the box is a cardboard command terminal for the Warmaster Heavy Battle Titan, a set of 17 cards featuring the various weapon and ancillary system options available to the Titan, and a transfer sheet with 100 black and white designs covering a range of Loyalist and Traitor Titan Legions.
