### Product description

## Age of Sigmar Realmscape: Nexus Syphon

Create your own themed battlefield representing the towns and outposts under construction by the Dawnbringer Crusades. As the forces of order strike out into the wilds of the Mortal Realms, they bring with arcane caravans full of the materials needed to forge new settlements.

At the heart of every new Sigmarite Stronghold is a Nexus Syphon, a magical construct designed to draw raw geomantic energy from the realms to power and protect the burgeoning settlement surrounding it.

This kit is comprised of 23 plastic components, with which you can assemble one Nexus Syphon, which can be seen drawing a swirling ball of energy out of the ground. This kit is for use in games of Warhammer Age of Sigmar. This kit is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel paints.
