Product description

Angron, Primarch of the World Eaters Legion

Angron is depicted here wielding his twin chainaxes, Gorechild and Gorefather, and clad in the Armour of Mars – unusual armour of Nucerian make. His display base reveals the power of his charge, as he knocks aside lesser warriors in search of his mark.

This kit contains 17 resin components, and comes supplied with a 40mm round gaming base and a 60mm scenic base.

Rules for using Angron in your games of Warhammer: The Horus Heresy can be found in Liber Hereticus – Traitor Legiones Astartes Army Book. This miniature is supplied unpainted and requires assembly – we recommend using Citadel paints.

This resin modelling kit is not a toy – it is a collectible item and construction should only be undertaken by expert Warhammer hobbyists aged 15 years and over.
