Product description

Arch-Kavalos Zandtos

Armed with the devastating Dark Lance, Zandtos is absolutely brutal on the charge. His burning hatred of the living makes him even deadlier and inspires those around him to fight even harder. Bring down the vengeance of Nagash on any who would dare to defy him.

This 46-part plastic kit makes one Arch-Kavalos Zandtos or one Liege Kavalos and is supplied with a 80mm Citadel round base.
