### Product description

## Astra Militarum: Lord Solar Leontus

This multipart plastic kit builds Lord Solar Leontus – a supreme commander of the Astra Militarum, riding his heavily-augmented steed Konstantin. Stood atop the wreckage of a fallen Titan, the Lord Solar proudly brandishes his relic power sword, Conquest, with his arcane pistol – dubbed Sol's Righteous Gaze – holstered at his side. His commanding pose is further accented by his flowing cape and exquisite armour. The kit includes a choice of two heads – one with a stoic expression and closed mouth, the other bellowing orders to his troops, both clad in an impressive helm with a solar halo. If you're looking for a truly impressive centrepiece for your Astra Militarum collection, look no further – Lord Solar Leontus is as high-ranking an officer as you'll find.

This kit comprises 36 plastic components and is supplied with 1x Citadel 80mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
