Product description

Battleforce: Skaven - The Verminous Host

With a Hero, loads of Battleline units, and additional support, this Battleforce boxed set is an ideal way to start a full Skaven army, or add to an existing verminous collection. The box includes a whopping 85 plastic miniatures for use in games of Warhammer Age of Sigmar, and will also save you money compared to buying the contents individually.

This set includes the following multipart plastic models:

- 1x Grey Seer on Screaming Bell, which can also be built as a Plague Priest on Plague Furnace

- 1x Warlock Bombardier
- 3x Stormfiends
- 40x Clanrats
- 40x Plague Monks

All models are supplied with their appropriate bases.

These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel paints.
