Product description

Battlezone: Fronteris – Landing Pad

Build an immersive battlefield and wage war on a hotly contested frontier world with terrain pieces representing rugged Imperial structures – such as the Landing Pad. An aeronautical access point and cargo hold in times of peace, when border worlds become battlegrounds this large structure acts as a vital logistics hub, allowing beleaguered troops to resupply in the heat of combat.

Suggested terrain traits and additional Narrative Play abilities for this terrain piece can be found in War Zone Nachmund: Vigilus Alone, adding further strategic depth to your games.

This kit is comprised of 11 plastic components, with which you can assemble one Landing Pad.

This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel paints.
