### Product description

## Beasts of Chaos: Beastlord

This multipart plastic kit builds a Beastlord, a fearsome chieftain of the gor-kin. Armed with a pair of man-ripper axes – just as good for ripping through orruks, aelves, and any other heroes unlucky enough to get in his way – this savage war-leader is decorated with grisly trophies claimed from his rivals. Furred, horned, and musclebound, he's posed in a bellowing call to battle, extolling the pure savagery and might of the Beasts of Chaos.

This kit comprises 7 plastic components, and is supplied with a Citadel 40mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
