## Product description

# Black Templars: High Marshal Helbrecht

High Marshal Helbrecht is accompanied by two attendant thralls, one of which carries his powerful combi-melta, Ferocity, while the other wipes clean the Sword of the High Marshals. Helbrecht rouses the Black Templars who fight alongside him to great feats of valour, turning the battlefield around him into a bloody melee. High Marshal Helbrecht can be built with a choice of three different heads – two unhelmeted – and an optional impaled Ork at his feet.

The kit is comprised of 39 plastic components, with which you can assemble one High Marshal Helbrecht, and is supplied with one Citadel 60mm round base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel paints.
