### Product description

## Boarding Patrol: Space Marines

Boarding Patrol: Space Marines provides a balanced force of Space Marine infantry, perfectly suited to gunning and cutting down foes in games of Warhammer 40,000 – especially in the dense and deadly Boarding Action missions detailed in the Arks of Omen series – and will save you money compared to buying the kits individually.

Lead from the front with a powerful Captain in Gravis Armour wielding a boltstorm gauntlet and a choice of fearsome melee weapons – ideal for contesting the confines of an enemy vessel. He's joined at close quarters by 10 Assault Intercessors, each armed with a chainsword and heavy bolt pistol, who can be split into squads of five for navigating tight passageways. A squad of five Heavy Intercessors provide supporting firepower with a variety of heavy bolt weaponry, their armoured bulk warding off breachers as they flood whole corridors with a hail of death.

#### **This set includes the following:**

- 1x Captain in Gravis Armour
- 5x Heavy Intercessors
- 10x Assault Intercessors
- 1x Ultramarines Infantry Transfer Sheet, containing 299 transfers

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints

Rules for playing Boarding Action games of Warhammer 40,000 can be found in the *Arks of Omen: Abaddon* supplement. Additional rules for Space Marines Boarding Patrols can be found in *Arks of Omen: Angron*.
