### Product description

## Cadia Stands: Astra Militarum Army Set

The Astra Militarum Army Set brings you a fearsome army of Cadian soldiers, all with redesigned and new multipart plastic kits, suitable both for brand new projects and bolstering existing collections. A capable Command Squad leads from the front, while masses of infantry Shock Troops march to war alongside heavy Field Ordnance and an Armoured Sentinel walker. This balanced army is ready to crush the many foes of the Imperium, or lay down their lives in the attempt.

This box is also the first place to find the new Codex: Astra Militarum, a 154-page hardback book with an exclusive cover, equipping you with inspiring lore, updated rules, and epic artwork. In addition to the book and models, you'll find a complete deck of datacards, and a Cadian Transfer Sheet replete with almost 600 markings, text, and numerals. Be amongst the first wave to establish a foothold with this army set, and show the galaxy that though the planet may break, the Imperial Guard never will.

#### The set includes the following multipart plastic miniatures:

- 1x Cadian Command Squad, comprising 5x models
- 20x Cadian Shock Troops
- 1x Armoured Sentinel, which can also be built as a Scout Sentinel
- 2x Ordnance Teams

#### Also included:

- Codex: Astra Militarum - 154-page hardback book with gloss art and a limited edition soft-touch cover
- Datacards: Astra Militarum - 63 cards including 7 Universal Stratagems, 31 Astra Militarum Stratagems, 6 Regimental Orders, 6 Prefectus Orders, 6 Mechanised Orders, 6 Psykana Discipline psychic powers, and 1 Smite psychic power
- 1x Cadian Transfer Sheet, containing 597 individual transfers

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel Colour paints.
