Product description

Citadel Tools: Knife

Every Warhammer hobbyist needs a hobby knife, so the Citadel Tools design team created one just for them. It features a fully sculpted hard plastic handle, and incorporates a number of clever features for safety and convenience:

- Fixed single slot blade barrel, ensuring perfect alignment
- Ribbed shroud behind the blade, allowing safer downward pressure and maximum precision
- Ergonomic handle to reduce hand fatigue, and prevent rolling on your desk
- Back-weighted design, so it's less likely to fall with the blade down
- Blade changing thread recessed into the handle so the blade doesn't loosen during use
- Blade cap

The Citadel Tools Knife also comes with a pack of six replacement blades in a container.
