Product description

Cities of Sigmar: Freeguild Cavaliers

This multipart plastic kit builds five Freeguild Cavaliers, armoured human knights mounted on sturdy warhorses. Each Cavalier is protected by full plate armour and an ornate shield, swinging a variety of finely-wrought weapons to smash foes aside as they charge. You can build one Cavalier as a mounted Arch-Knight wielding a unique blade, and another as a Cavalier Herald whose flowing banner is topped by one of two different icons.

Almost every part of this wildly customisable kit is interchangeable, allowing you to combine different heads, helmets, weapons, shields, bodies, horse legs, tails, and more. You can even adjust the visors on helmeted heads, tilting them up to reveal the face underneath – the assembly options are nearly endless, ensuring you can build your own personal order of knights.

This kit comprises 96 plastic components, and is supplied with 5x Citadel 60x35mm Oval Bases. Also included is a Cities of Sigmar Transfer Sheet, featuring 410 Free City icons, Sigmarite cult sigils, and other forms of heraldry.

These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
