Product description

Cities of Sigmar: Freeguild Steelhelms

This multipart plastic kit builds 10 Freeguild Steelhelms, the soldiers of the line for the Free Cities. Each Steelhelm is armed with a sturdy shield and a one-handed weapon such as a sword, axe, or mace. You can build one model as a veteran Sergeant-at-Arms with a hammer and crested helm, one as an inspiring Battle Priest carrying a holy relic, and another as a Steelhelm Herald with a trumpet and a flowing, icon-topped banner.

The kit includes a myriad of different heads, weapons, shield arms, and shield designs, all of which are interchangeable between models, plus a choice of heads, relics, and icons for the regiment leaders. You'll be able to build varied and characterful Freeguild forces, no matter how many Steelhelms you muster.

This kit comprises 96 plastic components, and comes with 10x Citadel 25mm Round Bases. Also included is a Cities of Sigmar Transfer Sheet, featuring 410 Free City icons, Sigmarite cult sigils, and other forms of heraldry.

These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel Colour paints.
