Product description

Cities of Sigmar: Fusil-Major on Ogor Warhulk

This multipart plastic kit builds one Fusil-Major on Ogor Warhulk – an expert gunnery officer, carried aloft by a brutish companion. The Fusil-Major watches the battlefield from atop their crow's nest, which bristles with gargoyles, blessings, and a lantern, picking off foes at range with a long-barrelled fusil musket. Their Ogor Warhulk lays into enemies with a heavy mace, striding to new firing positions before using a massive shield to barricade foes.

This kit includes a choice of two heads for the Fusil-Major, as well as two poses – aiming a shot, or leaning on their long fusil while bellowing orders to those below. The Ogor Warhulk also comes with a choice of heads – one with a helmet, the other left bare – and scenic basing elements, and can be built in two poses, with mace and shield held in either hand.

This kit comprises 42 plastic components, and is supplied with one Citadel 50mm Round Base. Also included is a Cities of Sigmar Transfer Sheet, featuring 410 Free City icons, Sigmarite cult sigils, and other forms of heraldry.

This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
