Product description

Codex: Genestealer Cults

This glorious book contains pages of background and rules for the Genestealer Cults – the insurgent vanguard of the Tyranid Hive fleets. Learn all about the lifecycle of a cult, and how they worm their way into Imperial society, sowing discontent and leading rebellious uprisings in order to soften the planet's defences for the arrival of the Great Devourer.

Inside this 112-page hardback book, you'll find:

- In-depth background and lore on the Genestealer Cults, how they take over planets and prepare them for the Great Devourer, plus their infestation of Chalnath.
- Rousing artwork that will inspire your cults to acts of exemplary sedition
- All the rules you need to play your Genestealer Cults army, including 22 datasheets covering every unit from the Reductus Saboteur to the lowly Acoylte and venerated Patriarch
- A full suite of rules for playing Crusade and narrative games, including Agendas, Battle Traits, Requisitions, Crusade Relics, plus rules for following the Path to Ascension, letting you foster your very own Cult uprising
- An 'Eavy Metal miniatures showcase full of lovingly painted Genestealer Cults miniatures.

Plus, ensure your traps go off without a hitch with a token sheet for use in games of Warhammer 40,000 that comes with 21 ambush tokens and a 9" range ruler
