Product description

Codex Supplement: Dark Angels

Codex Supplement: Dark Angels is your essential guide to using the Dark Angels and their successor Chapters in your games of Warhammer 40,000, as well as collecting, building, and painting them. When combined with the contents of *Codex: Space Marines*, you'll be able to build an army with their own fighting style, specialised units, and unique formations. You'll also find everything you need to use them in narrative Crusade games and games of Combat Patrol. The book is loaded with artwork, stunning examples of painted miniatures, and fascinating background material to inspire you.

Inside this 96-page hardback book, you'll find:

- History and background of the Sons of the Lion, from their origins in the Age of Darkness to the return of their Primarch.
- Atmospheric artwork, shedding light on the darkest corners of this most enigmatic of Chapters
- 16 datasheets to add to those found in *Codex: Space Marines*, including the Dark Talon, Land Speeder Vengeance, and more
- Three themed Detachments, the Unforgiven Task Force, Inner Circle Task Force, and Company of Hunters, each with their own special rules
- Crusade rules to show how your characters plunge deeper into the Chapter's mysteries as they hunt the Fallen
- Combat Patrol rules to take command of the Vengeful Brethren in fast-paced games
- An 'Eavy Metal showcase of expertly-painted Citadel miniatures to inspire you

You'll need a copy of *Codex: Space Marines*, available separately, to use the contents of this book fully.
