Product description

Combat Patrol: World Eaters miniatures set

Scions of their Primarch Angron, Daemon Prince of Khorne, the World Eaters were amongst the most feared of the Space Marines Legions to turn traitor during the brutal civil war known as the Horus Heresy. The World Eaters long held a reputation for wanton savagery, and as they fell to the powers of Chaos, they devolved into warbands of blood-crazed maniacs dedicated to the Taker of Skulls, glorying in violence and slaughter, and with no other purpose than spilling blood in their deity's name.

Take skulls for the Skull Throne with Combat Patrol: World Eaters! This boxed set provides you with all the units you need to start your army or expand an existing collection. The contents have been chosen to provide you with a ferocious core for any World Eaters force, ideal for Combat Patrol-sized games and will also save you money compared to buying the contents individually.

This set includes the following multipart plastic models:

- 1x World Eaters Lord on Juggernaut, which can alternatively be built as Lord Invocatus
- 10x Jakhals
- 20x Khorne Berzerkers
- 2x World Eaters Transfer Sheets, each containing 200 transfers

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel Colour paints.

The terrain used in images on this page is for illustrative purposes only and is not included.
