Daemons of Nurgle: Beast of Nurgle

This multi-part plastic kit contains the components necessary to assemble a Beast of Nurgle. He doesn't carry weapons, rather smothering the enemy with his claws, tentacles and slobbering tongue. there are 3 options for his impressive belly, which attach to the single body assembly - 1 with a toothed maw, 1 with a few deep cuts and 1 with a large gaping wound showing a variety of internal organs. There are 2 sets of hands supplied, each featuring 1 hand reaching out with the other steadying the Beast - 1 set is webbed, and the other is clawed, with 2 similar sets of feet. 3 different faces are available, each more manic than the last - 1 featuring a single eye, 1 featuring an icon of Nurgle where the eye should be and 1 with a pair of eyes practically bursting out of the Beast's skull. There are 2 crests of tentacles, and 2 tongues.

This kit comes as 48 components, and is supplied with a Citadel 60mm Round base. Beasts of Nurgle can be added to Warhammer 40,000 and Warhammer Age of Sigmar armies.
