## Product description

# Daemons of Tzeentch: Blue Horrors

This multi-part plastic kit contains the components necessary to assemble 10 pairs of Brimstone Horrors of Tzeentch. Tiny creatures of pure malice, they caper about on their bases just as you would expect those made of fire to do. Also included are the parts you need to make 10 Blue Horrors of Tzeentch. Eyes full of fury and large mouths full of teeth, some pose with their talons outstretched to hack at their foe, others wield magical flames that dance about their fingertips. Covered in decorations, jewellery and feathers, they also include flames for their bases.

This kit comprises 40 components, and is supplied with 20 Citadel 25mm Round bases.
