Product description

Dark Angels: Deathwing Knights

This multipart plastic kit builds five Deathwing Knights, elite Terminators of the Dark Angels Chapter. These venerable heroes are clad in heavily-decorated Tactical Dreadnought armour, befitting their high status, and carry ornate storm shields for even greater protection in battle. Each Knight can be armed with either a crackling power sword or a heavy mace of absolution, and you can build one as a Knight Master festooned in relics, with a choice of great weapons to set him apart.

This incredible kit includes a teleport homer and a Watcher in the Dark carrying a censer, both on their own base. You'll also find plenty of cosmetic options, including interchangeable arm poses, different shield designs, a variety of tilting plates, and more than enough hooded or helmeted heads to outfit your entire squad in the style of your choosing.

This kit contains 119 plastic components, 5x Citadel 40mm Round Bases, 2x Citadel 25mm Round Bases, and a Dark Angels Transfer Sheet. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
