Product description

Daughters of Khaine: Melusai Blood Stalkers

This multi-part plastic kit contains the components necessary to assemble 5 Blood Stalkers. The first thing you're likely to notice about these miniatures is their legs, or rather their lack – reshaped in the image of their creator Morathi, everything below their torso has been reshaped into that of a sinister, twisted serpent. Above this they feature metal waist pieces with attached sashes, and armoured breastplates. The Blood Stalkers feature open-face masks, giving them better peripheral vision and tracking abilities essential to their role as archers – as a nod to their abilities in close combat, each model also carries a sacrificial knife, a scianlar, on their waists. You have the option to build 1 model as a Krone, the unit leader: she can be distinguished by her unique heartseeker bow, modelled with serpentine heads at each end of the handle.

The Melusai Blood Stalkers come as 100 components, and are supplied with 5 Citadel 40mm Round bases. This kit can optionally be used to assemble 5 Melusai Blood Sisters.
