Product description

Daughters of Khaine: Witch Aelves

This multi-part plastic kit contains the components necessary to assemble a set of 10 Witch Aelves. They wear lightweight, minimal armour in order to move and flow more freely in their devotional bloodlust – what armour is there is beautifully ornate, finished by high leather boots. Each Witch Aelf carries a pair of wickedly sharp sacrificial knives, and they're all posed in an appropriate pirouetting stance. There are 12 heads in the kit – 6 pairs of individual designs – each of which comes with an additional headdress. The leader of the unit, the Hag, can be identified by the extra-spiky headdress she wears. There are 2 banners with 3 different banner tops for standard bearers and a horn to denote the unit's hornblower.

The Witch Aelves come as 67 components, and are supplied with 10 Citadel 25mm Round bases and a banner transfer sheet. This kit can be optionally used to assemble 10 Sisters of Slaughter.
