### Product description

## Dawnbringers: Daughters of Khaine - Krethusa's Cronehost

This multipart plastic kit builds Krethusa the Croneseer, an outcast prophet for Daughters of Khaine armies. She is accompanied by ten Sisters of Slaughter, which can alternately be built as Witch Aelves, and five Doomfire Warlocks. This aggressive force is ideal for pursuing the prophecies of Morai-Heg in the shadowy places of the Mortal Realms.

#### **This set includes the following:**

- 1x Krethusa the Croneseer
- 10x Sisters of Slaughter (which can alternately be built as Witch Aelves)
- 5x Doomfire Warlocks (which can alternately be built as Dark Riders)

This kit comprises 183 plastic components, and 1 transfer sheet containing 226 high-quality waterslide transfers for you to decorate your forces.

All models are supplied with their appropriate bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
