### Product description

## Dawnbringers: Fyreslayers – Fjori's Flamebearers

This Regiment of Renown is led by a Grimhold Exile – a doughty Hero available for the first time in this box – accompanied by Hearthguard Berzerkers, Auric Hearthguard, and Vulkite Berzerkers. The box contains all the models you need to field Fjori's Flamebearers, whose Regiment of Renown rules and warscrolls are found in Dawnbringers: Harbingers. It's also an excellent way to bolster your existing Fyreslayers collection and save money compared to buying the individual kits.

#### **This set contains:**

- 1x Grimhold Exile
- 5x Auric Hearthguard, which can alternatively be built as Hearthguard Berzerkers
- 5x Hearthguard Berzerkers, which can alternatively be built as Auric Hearthguard
- 10x Vulkite Berzerkers

The miniatures in this set are supplied with the appropriate bases and come unassembled and unpainted – we recommended using Citadel Plastic Glue and Citadel Colour paints.

If your army has an Order general but is not a Fyreslayers army, you can include this Regiment of Renown – even if its points value exceeds the amount allowed for allied units. Alternatively, the models in this kit can also fulfil their standard battlefield roles in a Fyreslayers army, but will not benefit from the Regiment of Renown rules.
