Product description

Disciples of Tzeentch: Curseling, Eye of Tzeentch

This multipart plastic kit builds one Curseling, Eye of Tzeentch – a powerful warrior melded with a daemon entity. This eyeless Tretchlet erupts from the Curseling's exposed flesh with a mane and tail of extravagant feathers, its twisted arms wielding a sorcerous staff and gripping its host's head as though directing their gaze. The Curseling's ornate armour is a testament to their martial skill, featuring delicate scales and Tzeentchian eye-symbols, with a curved blazing sword held ready in their remaining hand.

This kit comprises 10 plastic components, and is supplied with a Citadel 32mm Round Base. This miniature is supplied unpainted and requires assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
