Product description

Easy to Build: Astreia Solbright, Lord-Arcanum

Designed to be as easy as possible to assemble for new hobbyists while being detailed enough for the hardest veteran to appreciate, this kit assembles a Lord-Arcanum – Astreia Solbright – mounted on a Celestial Dracoline. Push-fit, with no glue required, this kit is incredibly straightforward to put together and comes on a pre-coloured gold plastic sprue.

Lord-Arcanum Astreia Solbright is a shining example of Stormcast Eternals might. She wears the armour of the the Evocators of the Stormcast Eternals, covered in sigils and signs, with a clasp at the back in the shape of 2 lightning bolts securing her cloak. She carries an aetherstave, with a spirit flask in her left hand; adding to her preparedness for spiritual warfare are a number of accessories – an additional spirit flask, a sword, saddlebags, rolls of parchment and books. Her Dracoline mount, known as Kazra, is stalking prey with feline grace and aggression, its muscular legs ending in four sets of fearsome claws. Its skin is covered in a combination of fur and scales and its harness and reins are emblazoned with the icon of the Sacrosanct Chamber. The Dracoline is posed atop a sculpted base, depicting fallen ruins crushing a Stormcast Eternals statue.

This kit comes as 25 push-fit components, and is supplied with a Stormcast Eternals transfer sheet and a Citadel 90mm Oval base.
