Product description

Easy to Build Castigators with Gryph-hound

Designed to be as easy as possible to assemble for new hobbyists while being detailed enough for the hardest veteran to appreciate, this kit assembles 3 Easy To Build Stormcast Eternals Castigators and a Gryph-hound. Push-fit, with no glue required, this kit is incredibly straightforward to put together and comes on a pre-coloured gold plastic sprue.

Heavily armoured, as with most Stormcast Eternals, the Castigators are posed holding their immense thunderhead greatbows with both hands, as their weight necessitates. One model is male, and the other female – both stand upon ruins, the male atop a fallen pillar and the female a looted grave, with remains scattered around. Each is cloaked, with a splendid tabard billowing out in front. The Castigator-Prime is presented in a more relaxed pose – his thunderhead greatbow is hefted back over his left shoulder, and he holds his plumed helmet in his right hand, making his scowling, bearded face visible. Their accompanying Gryph-hound stands proudly atop a ruined piece of Sigmarite architecture, with his cruel beak and talons enhanced by spiked armour.

This plastic kit comes as 19 components, and is supplied with 4 40mm sculpted round bases, each featuring holes for corresponding pegs on the feet of each model. Includes a Stormcast Eternals transfer sheet.
