Product description

Easy to Build: Nighthaunt + Paint Set

The Glaivewraith Stalkers are a set of 4 sinister, drifting gheists, each little more than a tattered shroud, a pair of arms and a leering animal skull. The vertebrae of their undead spines poke through their cowls, giving them at least some corporeal shape – however, from the correct angles you can see into the shroud, and clearly observe the negative space where the rest of their bodies should be. Each carries a 2-handed hunter's glaive, the haft and blade worn through countless years of use, and 1 Glaivewraith can be assembled as a deathbeat drummer holding a drum under his left arm, beating it with the mallet held in his right. They come as 17 components, and are supplied with 4 32mm sculpted round bases – these depict a graveyard scene, with the Glaivewraiths attached via a mist of ethereal vapour.

You'll also receive a starter brush, perfect for painting the Glaivewraiths, and 6 12ml pots of Citadel paint:

Celestra Grey
Incubi Darkness
Leadbelcher
Rhinox Hide
Nighthaunt Gloom
Reikland Fleshshade

There's even an easy to follow painting guide included. You'll be up and running with your new miniatures in no time at all!
