## Product description

# Endless Spells: Stormcast Eternals

This multi-part plastic kit contains the components necessary to assemble 3 Endless Spells usable by Stormcast Eternals wizards in games of Warhammer Age of Sigmar. When used with the Malign Sorcery rules, these can be incredibly powerful tools in your magical arsenal. Included:

- A Celestial Vortex: this is a whirling tornado of Azyrite magic, which carries a storm of hammers cast in the image of Ghal Maraz, the Great Shatterer. Anyone caught in the vortex's path is hurled, smashed and broken, into the dirt;
- A Dais Arcanum: this circular platform inscribed with icons of the 8 winds of magic and orbited by 3 twin-tailed comets bears a rider upon the winds of Azry and bolsters their mastery of the arcane arts;
- An Everblaze Comet: a shooting star plucked from the firmament and slammed down into enemy lines, this is a large meteoric rock with a sculpted base depicting its devastating impact.

This kit comes as 12 components supplied on gold-coloured plastic, and includes 2 Citadel 65mm Round bases and a Citadel 50mm Round base. Warscrolls are found in Battletome: Stormcast Eternals.
