Product description

Fyreslayers: Magmic Invocations

In this set, you'll be able to build a set of Magmic Invocations of your own, allowing you to mater the full might of your Fyreslayers army. Inside, you'll find:

- **The Zharrgron Flame-spitter**, a geyser of molten lava that deals devastating damage to massed infantry
- **The Runic Firewall**, a barrier of gold and flame that shields your units from harm
- **The Molten Infernoth**, a raging elemental that rampages across the battlefield, slaying your enemies while leaving the Fyreslayers untouched

This kit is supplied in 22 plastic components, and is packed with 1x 120mm oval base.
