Product description

Fyreslayers: Vulkite Berzerkers

This multi-part plastic kit contains all the components necessary to assemble 10 Vulkite Berzerkers, determined and strong warriors of the Fyreslayers. They come with an impressive selection of weaponry - fyresteel handaxes, war-picks and bladed slingshields - and feature ur-gold runes hammered into their skin. One model can be assembled carrying a Horn of Grmnir, and one warrior can be assembled as a Karl, with ornate fyresteel handaxe or war-pick and his own head options. The kit comes with a whole load of extra ornate runes and keys with which to decorate your Fyreslayers.

This kit contains seventy-four components in total, and includes 10 Citadel 32mm Round bases.
