Manufacturer	Games Workshop

Product description

Genestealer Cults: Goliath Rockgrinder

This multi-part plastic kit contains the components necessary to assemble a Goliath Rockgrinder, armoured weapon platform of the Genestealer Cults. It comes with a number of weapon options – heavy stubber, mining laser, drilldozer blade, clearance incinerator and seismic cannon – and features a ton of customisation opportunities – the crewmen have their own options, and the Rockgrinder can be modelled sitting low on its wheels due to the weight of the weaponry it carries.

This kit can also be assembled as a Goliath Truck.
