Product description

Gloomspite Gitz: Loonboss on Giant Cave Squig

If you're looking for a leader for your squiggly legions, you can't go wrong with the Loonboss on Giant Cave Squig! This bouncing bringer of death is both a deadly combatant in his own right and a cracking commander for any army using loads of Mangler Squigs, Squig Hoppers and Boingrot Bouncerz, keeping pace with the rest of your fungal forces and shouting at them to go even faster. You can build your Loonboss on Giant Cave Squig with a Moonclan stabba or a moon-cutta, based on your tactical (or aesthetic!) preferences.

This plastic kit is supplied in 21 components, and comes with a 40mm round base.
