Product description

Horus the Warmaster, Primarch of the Sons of Horus Legion

Horus the Warmaster is here depicted at the height of his glory, wielding the Warmaster's Talon and the great power maul Worldbreaker, and wearing a unique suit of Terminator armour known as the Serpent's Scales. This model stands atop a scenic base depicting a ruined Imperial balustrade and stone staircase, and is also provided with a smaller, removable base for gaming use.

The primarch of the Sons of Horus is supplied in 15 resin components. He's supplied with a 40mm gaming base, which slots into an 80mm display base.

Rules for Horus in your games of Warhammer: The Horus Heresy can be found in Liber Hereticus – Traitor Legiones Astartes Army Book. This miniature is supplied unpainted and requires assembly – we recommend using Citadel paints.

This resin modelling kit is not a toy – it is a collectible item and construction should only be undertaken by expert Warhammer hobbyists aged 15 years and over.
