Product description

Idoneth Deepkin: Akhelian Morrsarr Guard

This multi-part plastic kit contains the components necessary to assemble 3 Morrsarr Guard. Each is mounted on a Fangmora Eel, a lithe, sinuous bond-beast controlled by the armoured blinders and reins attached to their heads, attacking with their fanged maws and lashing tails. The Akhelians who ride them wear heavy armour chestplates, with their arms bare and their legs covered in mail and cloth for mobility. They wield voltspears and galv-shields, and feature splendid crests on their helmets - there is an extra, specific helmet included for the leader, a Lochian Prince, which features a sail. There are options for a musician, who carries a conch shell and has an open faceplate; and a standard bearer, whose Fangmora Eel is equipped with a towering pennant. The kit comes with plenty of accessories used to decorate the Eels and the bases - nets, ropes, bottles and lamps are included.

This kit comes as 80 components, and is supplied with 3 Citadel 60x35mm Oval bases. The kit can optionally be used to assemble 3 Akhelian Ishlaen Guard.
