Product description

Idoneth Deepkin: Isharann Soulscryer

This multi-part plastic kit contains the components necessary to assemble an Isharann Soulscryer. Clad in ornate robes, with a large collar and headpiece that make his priestly origins and role clear, he is a purposeful-looking miniature. His robes are held together by a large set of metal shoulder pads, which also protect his back, curving up into 2 points covered in carved Idoneth symbols. His head is shaved and his ears pierced – adding to the personal decorations are bands of metal on his arms. With him he carries a cyfar compass, a large bowl-shaped item attached to his cloak, and his dowerchimes; these hang from a large pole held in his left arm, and extend far above him, ending in an ornate Idoneth rune. 9 Scryfish swarm around his legs, following the direction his clawed right hand points.

This kit comes as 11 components, and is supplied with a Citadel 32mm Round base.
