Product description

Kill Team: Elucidian Starstriders

This multipart plastic kit allows you to build 10 Elucidian Starstriders, the handpicked retinue of a highborn Rogue Trader. These miniatures can be used as Elucidian Starstriders operatives in games of Kill Team, or fielded with Imperium armies in games of Warhammer 40,000. Every model in this stunning set is unique – it includes Elucia Vhane herself, along with her coterie of specialists – a Death Cult Executioner, Rejuvent Adept, and Lectro-Maester – as well as a squad of five gun-toting Voidsmen and a faithful ship's Canid.

This set comprises 25 plastic components and is supplied with 10x Citadel 25mm Round Bases. These miniatures are supplied unpainted and require assembly – we recommend using Citadel Plastic Glue and Citadel Colour paints.
