### Product description

## Konrad Curze, Primarch of the Night Lords Legion

This imposing, highly detailed miniature depicts Konrad Curze mid-battle. Konrad's Nightmare Mantle armour is decorated with trophies of an impressive number of kills, including skulls and flayed skin – making this miniature a unique painting challenge for even expert Warhammer hobbyists. Kurze is perched on a ruined archway that makes up part of his gaming base. He slots into a scenic display base that includes the corpses of Konrad's latest victims, a pair of Solar Auxilia warriors, one of them torn limb-from-limb.

This 23-part resin kit is supplied with a 40mm gaming base, which slots into a 60mm scenic diorama base for display.

Rules for Konrad Kurze in your games of Warhammer: The Horus Heresy can be found in Liber Hereticus – Traitor Legiones Astartes Army Book. This miniature is supplied unpainted and requires assembly – we recommend using Citadel paints.

This resin modelling kit is not a toy – it is a collectible item and construction should only be undertaken by expert Warhammer hobbyists aged 15 years and over.
