### Product description

## Kragnos, the End of Empires

Kragnos, the End of Empires, arrives in Warhammer Age of Sigmar with a thunderous crash, ready to lead any army of Destruction. As the embodiment of Ghur's savagery and a totemic figure of awe among the Destruction Grand Alliance, his overwhelming might is nearly without equal. Smashing aside scores of enemy soldiers and brutalising their monsters with The Dread Mace is akin to child's play, while his legendary shield Tuskbreaker (so named for chipping the tooth of Gorkamorka) renders enemy magic a mere harmless breeze. Despite this, perhaps his most terrifying trait is his berserk charge, which can carry enough force to kill even a fully grown dragon in a single deadly blow.

The kit is comprised of 74 plastic components, with which you can assemble one Kragnos, the End of Empires. Multiple options are given for assembly, including three different faces and two poses for his neck and head (one looking left, while the other looks right). This model is supplied with a Citadel 130mm Round Base.
