Product description

Mortarion, Primarch of the Death Guard Legion

Mortarion is presented as a highly detailed miniature, complete with a gaming and display base. He wields the immense scythe Silence, a formidable weapon that earned him the epithet of the Reaper. Gaunt and menacing, Mortarion looms out from The Barbaran Plate, sculpted with an attention to detail which captures its unadorned, practical form, and presents a unique painting challenge for expert Warhammer hobbyists. At his side hangs his prized pistol, The Lantern, and a clutch of deadly phosphex bombs. His hunched back is covered with a flowing cape and complex backpack designed to cycle the toxins of his home planet Barabrus through his breathing apparatus. He stands on a brutal chunk of battlefield, which fits within a larger industrial-themed display base.

This 21-part resin kit is supplied with a 40mm gaming base, which slots into a 60mm scenic diorama base for display.

Rules for Mortarion in your games of Warhammer: The Horus Heresy can be found in Liber Hereticus – Traitor Legiones Astartes Army Book. This miniature is supplied unpainted and requires assembly – we recommend using Citadel paints.

This resin modelling kit is not a toy – it is a collectible item and construction should only be undertaken by expert Warhammer hobbyists aged 15 years and over.
