Product description

Necromunda: Ash Waste Vehicle Dice Set

Vehicles in Necromunda have their own set of rules, which call for specific dice – this dice set contains all the different types of dice you'll need to ride your bikes, trucks, and land trains out into the ash wastes, including Location Dice for determining where they've been struck, Damage Dice for checking how badly they've been hit, and Control Dice for seeing what happens when the crew takes their hands off the wheel...

These six-sided, round-edged dice are cast in weathered, ash-stained grey plastic with fiery orange ink. They measure 16mm along each edge, and are packaged in a clear plastic crystal gem cube container.

Contents:

- 1x Control Dice, featuring Swerve, Jackknife, and Roll results
- 4x Damage Dice, featuring Glancing Hit, Penetrating Hit, and Catastrophic Hit results
- 3x Location Dice, featuring Engine, Crew, Body, and Drive results

Full rules for using vehicles in Necromunda can be found in the Book of the Outlands supplement.
