## Product description

# Necromunda: Ash Wastes

In Necromunda, you'll take control of a vicious gang, building them up from green recruits to hardened veterans as they claw their way to power through bitterly-fought skirmishes with their rivals. Necromunda: Ash Wastes takes the action out of the claustrophobic and dangerous sprawl of the hive cities, and into the agoraphobic and deadly wastelands. This box provides you with two gangs, including mounted units, a set of modular habs, and a gaming mat to fight over, plus the rules and gaming accessories you'll need to start playing right away. Whether you're just getting started, or your gang is looking for new growth opportunities, you'll have everything you need to take the fight into the wastelands.

### The boxed set contains:

#### 26 plastic miniatures, each supplied with the appropriate Citadel bases:

- 12 House Orlock models, including two Outrider Quads
- 14 Ash Waste Nomads, including four Dustback Helamites

#### - An array of modular Ash Wastes terrain including:

- 2x Ash Wastes Hab Building
- 1x Large Platform
- 2x Small Platform
- 5x Walkways
- Double-sided gaming mat
- All of the dice, tokens, cards, and templates needed to play
- Rules for the weapons and fighters included in the box

#### Also included is a 176-page hardcover Necromunda: Ash Wastes rulebook containing:

- Background on the Great Equatorial Wastes, including its inhabitants and notable locations
- The rules for playing games of Necromunda, including rules for vehicular combat
- Rules for fighting in the Ash Wastes, including unpredictable weather
- Multiple scenarios and a full campaign to play through
- Rules for creating your own gang

These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel paints.
